

Practicum Student Evaluation Form

Practicum Student's Name:	Emily Fox
Date:	2016-03-30
Practicum Student's Email Address:	esfox1@umary.edu
Teaching Major:	Early Childhood Education
Practicum:	EDU 335 - Early Childhood Practicum
Name of practicum teacher:	Aly Weigel
Cooperating School:	Lincoln Elementary
Name of person completing this evaluation:	Aly Weigel
Evaluator's Position:	Practicum Teacher
Evaluator's Email Address:	alyssa_weigel@gmail.com
Overall Rating:	Partially Proficient
Suggestions for Improvement:	I was unable to see Emily use assessment methods in my classroom, that is why I can giving her a partially proficient. When creating games, activities, small group work, Emily was great at creating grade appropriate activities. Emily did a great job of asking questions, and being very thoughtful about everything that was going on in the classroom.
Overall Rating:	Proficient
Suggestions for Improvement:	Emily did a great job of making activities differentiated for each child that she worked with. She often worked one on one, or in small groups with kids. Her knowledge of content will only continue to develop as she grows as an educator, and I am confident in the teacher that she will be.
Overall Rating:	Proficient
Suggestions for Improvement:	This may be Emily's strongest area. She is so easy to talk with, especially in terms of growth. Continually, Emily asks great questions to help learn more about the profession of teaching and why things are done a particular way. While in my classroom she worked hard to be part of the classroom. She would sit down with students, talk to them about their work, read with them, etc., without any kind of prompting or reminding. She also has a great smile on her face at all times. She is enthusiastic about what she does and will continue to build that enthusiasm as an educator.
Do you believe this practicum student has the knowledge, skills, and attitude required to become an effective student teacher?	Yes
General Comments:	I was so very grateful to ave Emily in my classroom, and my kids were very fortunate as well. She will be a great educator who will continually be searching for ways to make her teaching practices the best that they can be. She will be an educator who is passionate about developing student learning.
